

Choice of Thesis Lab

First year CMB students are required to decide which professor they would like to do research with during their studies in the CMB Program. **Please indicate your choice of Thesis advisor and lab by December 14, 2007.**

It is your responsibility to arrange your Thesis lab with the professor of your choice. Discuss with him/her the likelihood of joining their lab on a permanent basis. Once the agreement is made, both you and your professor will need to sign the slip below and return it to the CMB Office. Please note that you must identify a lab that ensures your support can continue after December 14, 2007. If you are having trouble choosing a lab, please contact your advisor, the Advising & Orientation Chair (Gary Lyons) and the CMB Office. You will also need to make arrangements with your advisor's home department to authorize you to register for research credits for the Spring semester.

REMINDER: Please remember that the professor of your choice must have funds available to support you beginning December 17, 2007, or when your current funding ends if you have a fellowship or a training grant slot.

If you should have any questions or concerns, please do not hesitate to contact us at 262-3203 or stop by the office, 413 Bock labs.
