

Graduate Program in Cellular and Molecular Biology  
University of Wisconsin, Madison

## Curriculum Certification Form

The student should fill in the first 2 pages of this form. The last page is to be completed by the Thesis Committee at the meeting.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Undergraduate Institution/Degree/Major:  
\_\_\_\_\_

Year Entered CMB Program: \_\_\_\_\_

Thesis Advisor: \_\_\_\_\_

Area of Specialization: \_\_\_\_\_

**1. List all educational experiences you have completed or in progress that apply to Cellular and Molecular Biology.** The list should include courses, independent studies, tutorials, readings, study groups, and non-biological coursework such as computer technology, statistics, etc.

### Undergraduate:

Course/Activity	Institution	Credits	Grade	Yr. Completed

### Graduate:

Course/Activity	Institution	Credits	Grade	Yr. Completed

**2. List your involvement in any research projects.**

<b>Research Project</b>	<b>Advisor</b>	<b>Institution</b>	<b>Date (mm/yy)</b>
<b>Undergraduate:</b>			
<b>Work:</b>			
<b>Graduate:</b>			

**3. Summarize the educational experiences (seminars, journal clubs, meetings, internships, etc.) you intend to complete to satisfy your formal Ph.D. degree requirements (excluding research and thesis).** Indicate when you intend to complete each activity. This plan should include at least a seminar presentation every year after the first year of graduate study, as well as the development in an area of specialization. Highlight experiences that will demonstrate advanced knowledge in your chosen area of specialization. This plan may also include an optional teaching experience.

<b>Intended Date</b>	<b>Activity</b>	<b>Credits</b>

**4. List additional coursework recommended by your committee that you should take to satisfy your degree: (Committee fills in during meeting)**

**5. Approved by Thesis Committee on \_\_\_\_\_/\_\_\_\_\_/\_\_\_\_\_**
