CMB E-Newsletter 11.18.16

Make sure to check out the Graduate School's professional development event calendar, which has a comprehensive list of all professional development events around campus for grad students and postdocs. You can find the schedule at:

http://grad.wisc.edu/pd/events.

Upcoming Thesis Defense: Amber Lasek

Best of luck to Amber Lasek from the Burkard Lab who will defend her thesis next week!

Amber Lasek Thesis Defense
Title: “Interrogation of kinase-mediated signaling pathways to decode human cell division"

When: Tuesday, November 22, 3:00pm
Where: 7001A WIMR I

Delta Courses for Spring 2017

Registration is now open for Spring 2017 courses offered by the Delta Program in Research, Teaching, and Learning! Delta courses allow you to explore and to develop evidence-based pedagogical skills. Each course offers a unique and valuable perspective on teaching and learning. Courses can be taken for credit or not. For a list of Spring 2017 offerings, please visit the Delta Course Offerings page. Visit http://delta.wisc.edu/ or contact Delta Representative Josh Weber
**Biochemistry Colloquium**

Speaker: Larry Wackett, PhD, College of Biological Sciences, University of Minnesota  
Title: “Ancient and Recent Enzyme Evolution in Nature and Biotechnology"  
When: Monday, November 21, 3:30pm  
Where: Room 1211 HFD Biochemical Sciences Building

**Cardiovascular Research Center Seminar**

The SMPH Cardiovascular Research Center welcomes you to attend a seminar presented by Dr. Ye Chen-Izu (University of California, Davis) on November 22. Dr. Chen-Izu’s lab combines molecular and cellular biology, chemistry, physics, and mathematical modelling to advance research in three aspects: (1) developing innovative technologies, (2) studying the fundamental mechano-chemo-electro-transduction mechanisms, and (3) developing new drug therapies to combat heart diseases. If you are interested in visiting with Dr. Chen-Izu for a 1:1 meeting prior to her seminar, please contact Christine Tydrich at christine.tydrich@wisc.edu.  
Title: "Dynamical systems in the heart: Coupling of the electrical, Ca2+ signaling, and contractile systems"  
When: Tuesday, November 22, 4:30pm  
Where: 1335 Health Sciences Learning Center (HSLC)

**Departments of Neurological Surgery and Neurology Distinguished Lecture**

Speaker: Russell Lonser, MD, Department of Neurological Surgery, The Ohio State University  
Title: “Neurologic manifestations of von Hippel-Lindau disease”  
When: Friday, December 2, 2:30pm  
Where: Room 1220 Medical Foundation Centennial Building (MFCB)

**Medical Microbiology & Immunology Seminar**

Speaker: Kristen Bernard, DVM, PhD  
Title: “West Nile Virus—Take a Bite Out Of It!”
**Morgridge Seminar**

Speaker: James Morrissey, PhD, Professor of Biochemistry, University of Illinois

Title: “Contributions of the Membrane Surface Clotting”

When: Tuesday, December 13, 9:30am

Where: H.F. DeLuca Forum, WID
